2. In groups of five, the students will use shapes as inspiration to create a collaborative sculpture with their bodies. |

| ASSESSMENT / EVALUATION | Students show evidence of proficiency through a variety of assessments.  
Aligned with the Lesson Objective  
Formative / Summative  
Performance-Based / Rubric  
Formal / Informal |
|-------------------------|------------------------------------------------------------------|
| Informal Assessment- the teacher will walk around the room to monitor student behavior to ensure they are on task.  
Self-Assessment- the student will score their work on a rubric |

| MATERIALS | Aligned with the Lesson Objective  
Rigorous & Relevant |
|-----------|------------------------------------------------------------------|
| 1. One slip of paper for each child.  
2. Each slip of paper will have one of the following shapes listed:  
   • Curve  
   • Straight Line  
   • Circle  
   • Triangle  
   • Horse Shoe |

| ACTIVATING STRATEGY | Motivator / Hook  
An Essential Question encourages students to put forth more effort when faced with complex, open-ended, challenging, meaningful, and authentic questions. |
|---------------------|------------------------------------------------------------------|

Grouping Strategies  
Differentiated Instructional Strategies to Provide Intervention & Extension |
1. See set.
2. The teacher will introduce the project and state objectives.
3. The teacher will divide the class into groups of five.
4. Each student will receive a slip of paper. The teacher will instruct students to use their bodies to create the shape listed, reminding them they can sit or stand to create their shape.
5. In their group, students will work to create a unified sculpture using each member’s shape.
6. The students will decide which parts of the sculpture can stand-alone and which parts should be unified.
7. One at a time, groups will transform into their sculptures for the class to view. The teacher will instruct students to observe all sides of the sculpture to notice how the sculpture changes as you move around it.

**ALTERNATE/EXTRA ACTIVITIES**

- Using *Ghost Ballet* as inspiration, students can create a dance with their group based on each member’s shape.
