Architecture Scavenger Hunt

LET'S GO ON AN ARCHITECTURE SCAVENGER HUNT!

Architects do a lot of planning to create a building. They must consider all of the major parts like plumbing and foundations but they must also consider the small details. Go outside and look at your house and the buildings around you. What do you see? What details did the architect create?

GATHER YOUR MATERIALS:

Pencil
Note paper

1

Look at one or two of the buildings around you and find the items on the architecture checklist below.

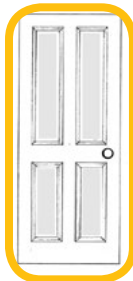

2

Write the number of each item you find below it.

3

Look over your list. You are a terrific architecture hunter!
